

Understanding Your Bill

Twin Lakes Long Distance - If Twin Lakes Long Distance is your carrier, this is the total of your long distance and will be itemized on the back of your bill. If you have another long distance provider, you will receive a separate bill.

Wire Maintenance - Amount charged for maintenance on your wiring.

Local Service - Cost per line for home or business customers. This will also include the amount charged for services such as Call Waiting, Caller ID or other calling features.

E911 Service Charge - Collected for Enhanced 911 emergency system which enables emergency personnel to locate you even if you are unable to speak.

Directory Advertising - The monthly charge for business subscribers who purchase advertising services in the Twin Lakes Regional Directory.

FCC Subscriber Line Charge - Federal Communications Commission charge for access to the long distance network for service anywhere in the world.

Federal Universal Service Charge - This provides support to promote access to telecommunications services for those living in rural areas, low income eligible subscribers, rural health care facilities, schools and libraries.

Access Recovery Charge - Allows Local Exchange Carriers like Twin Lakes to recover a portion of the revenues for originating and terminating long distance calls.

Telephone Leased Equipment - Monthly charge for any phones leased from the company.

Internet - Monthly service charge for Internet access. If you choose the Worry Free Modem, Router or Wi-Fi Extender Plan it is included in this line item. Internet service is prorated from the date the service is installed.

TV Services - Monthly charge for TV equipment and service. TV Services are not prorated.

Federal/State/Local Taxes - Charges required by and collected on behalf of the federal, state and local governments.

Credit - CR after any dollar amount indicates a credit to the customer's bill.

Service Order Charges - This will include charges for any change in your service which you have requested such as the addition of services, installation charges, charges to transfer service from one location to another, charges for any changes in your services, installing a jack, or to transfer your services from one location to another. These charges will always be itemized on the lower portion of your bill.

Prorated Charges and/or Credits - These are applied when new subscribers are connected or when changes are made in service. These amounts cover services, equipment and/or wire maintenance from the first day service was installed or changed through the end of the normal billing period. Internet and Phone service are prorated from the date the service is installed.

Please note: We bill at the first of the month for your services. Your statement may include prorated charges and your services are billed one month in advance. For example: If your services are connected on Feb 2nd, you should receive your first statement on March 1st. The statement will include charges beginning Feb 2nd through the entire month of March, along with any service order charges that apply.
